Regulations Information for catching Cod and Salmon in the Western Baltic

Updated December 2021

Catch limits for cod and salmon in the Western Baltic. Valid for angling in 2022.

If you have further questions regarding the current rules for angling, please contact the Danish Fisheries Agency at Phone number **+45 7218 5600**

You can also find updated information on our website:
www.fiskeristyrelsen.dk

We have local departments with staff in Frederikshavn, Nykøbing Mors, Randers, Hvide Sande, Kolding, Ringsted and Rønne.

It is your responsibility to keep you informed about changes in the regulations!
New rules are published on: www.fiskeristyrelsen.dk

Restrictions on cod and salmon fishing for anglers in 2022

Cod

In yellow area: From 15 January to 31 March fishing for cod is prohibited. Rest of the year - max. 1 cod retained per day, per person.

In sub-area 24, fishing for cod may only take place within 6 nautical miles from the baseline. Cod retained shall be landed whole.

In red area: Fishing for Cod is prohibited all year round.¹

Salmon

In both the colored areas (yellow and red), any salmon caught shall be immediately released back into the sea.

However, one specimen of adipose fin-clipped salmon may be retained per angler per day. Salmon retained shall be landed whole.²
